A RESOLUTION OF THE VICE MAYOR AS ACTING MAYOR AND CITY COUNCIL OF THE CITY OF NORTH MIAMI, FLORIDA, ADOPTING THE CITY OF NORTH MIAMI DOWNTOWN ACTION & CONCEPT PLAN TO SERVE AS A VISUAL DESIGN AND PLANNING GUIDE FOR FUTURE PRIVATE AND PUBLIC REDEVELOPMENT IN THE CITY'S DOWNTOWN AREA AND MAJOR CORRIDORS; PROVIDING FOR AN EFFECTIVE DATE AND FOR ALL OTHER PURPOSES.

RECOMMENDATION

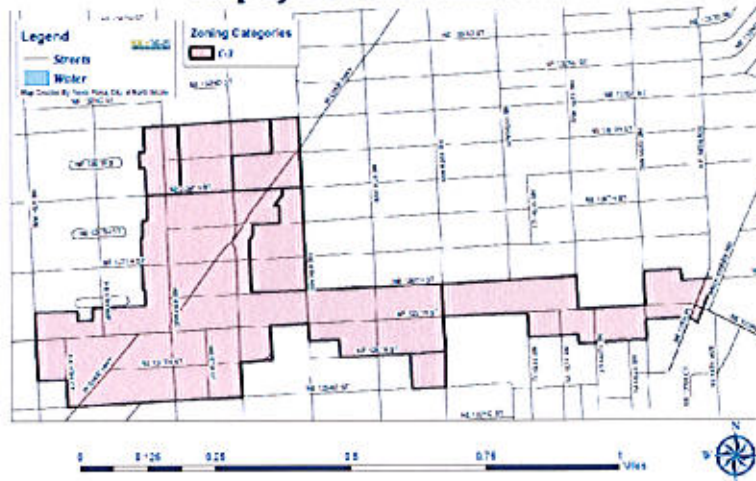

That the City Council adopts the Resolution for the proposed North Miami Downtown Action & Concept Plan and directs the City Manager to take the necessary steps to implement the outlined strategies consistent with the vision of the City's Comprehensive Plan.

BACKGROUND

Policy 1.2.2 of the City of North Miami Comprehensive Plan requires that the City "adopt guidelines for unified urban, architectural and landscape regulations for major corridors to further assist in creating a sense of place throughout the City. In an effort to implement the Comprehensive Plan vision and create a vibrant attractive downtown district, the Mayor and Council adopted the City's *Downtown Development and Major Corridor Master Plan* ("Downtown Master Plan") in May 2013, which includes architectural and urban design standards to guide future development in the City's downtown area.

The Adopted Downtown Master Plan also includes a series of recommendations outlining strategies needed to spur redevelopment, promote economic growth and transform the physical image of the City's downtown area (see map of the existing downtown district below). One particular strategy calls for the creation of a Concept Plan that will serve as a visual and architectural guide for improvements needed in certain key public and private spaces throughout the downtown area. Staff believes strategic planning and ongoing improvements to key civic spaces will serve to enhance the aesthetic quality of the City's downtown environment and greatly complement private sector redevelopment efforts currently underway.

Map of Downtown North Miami

Given the foregoing, the City retained the consultant team of Keith & Schnars as well as The Corradino Group to assist in developing an Action Plan (volume 1) and Concept Plan (volume 2) for the Downtown Area. The Action Plan is intended to provide a blueprint outlining progressive steps that must be taken to implement key Components of the City's Downtown Master Plan and identifies possible funding, for the implementation of the recommended strategies/capital projects, needed to revitalize the Downtown area over time. The proposed capital projects will eventually be incorporated into the City's Capital Improvement Plan or revised Community Redevelopment Area (CRA) Plan in order to strategically tie the recommended capital projects for the downtown to the City's future capital improvement program for the next 10 years and beyond. Additionally, the Concept Plan is intended to provide architectural concepts with various recommendations for public and private space improvements that will serve as a vision for future redevelopment or improvements within the downtown.

As part of the downtown redevelopment initiative the City created a civic space competition and solicited proposals from local architecture, urban planning and design students, who submitted ideas for improvements to key civic spaces within North Miami's downtown area. Additionally the City hosted a series of Community Forums between April and July 2014 in order to engage the public, share conceptual ideas and gather input from students, residents, businesses, local universities, staff and elected officials. The overarching theme for the downtown redevelopment initiative, *"Creating New Spaces From Old Places"* echoes the collective desire of the community to capitalize on North Miami's rich heritage and past human and capital investments in order to develop a vibrant downtown district that is

economically viable, sustainable, safe and physically appealing (See attached draft of the Action Plan and Concept Plan).

CONCLUSION

City Administration believes the proposed Action & Concept Plan is a necessary tool in bringing about the revitalization of the City's dormant downtown and branding an Image of North Miami's downtown as a place to live, work, study and invest. It is envisioned that the Action & Concept Plan will serve as a blueprint for all future development and redevelopment within the City's Downtown. As such, staff recommends approval and adoption of the proposed *Downtown Action & Concept Plan*.
